- Ant Desing / Chakra

Experience

Country : Pakistan

2022 - 2023

I am an experienced Front End Developer seeking a challenging role that leverages my skill set and offers robust growth opportunities. My passion lies in crafting exceptional web experiences, and I specialize in React.js web development. My track record showcases my proficiency in problem-solving and effective collaboration within a team structure. Thank you.

I have extensive experience in web development, encompassing HTML5, CSS3, vanilla JavaScript, ES6, React.js, Next.js, and Node.js. My proficiency in these technologies allows me to create dynamic and engaging web applications. HTML5 and CSS3 enable me to structure and style web content effectively, while JavaScript, including ES6, empowers me to enhance user interactivity and experience. React.js, Next.js, and Node.js are my areas of expertise, enabling me to build efficient and scalable web solutions, providing seamless user interfaces and optimal server-side performance.

Education

I am 2nd year student of CS

il am SMIT student
